2010 is a very dynamic year for **Yachtlite** with an ever-increasing number of projects and customers. The company is proud of its projects for Lürssen (Radiant, Solemates, Josie), Kröger Werft (Phoenix², Hermitage), Abeking & Rasmussen (Titan), Amels (BelAbri, Addiction), Al Seer Marine (Rabdan, Sarha) and for Nobiskrug with Sycara V and Sapphire. Inquiries about new, increasingly extravagant, light solutions make Yachtlite feel confident about their current position as a custom lighting supplier. They believe that illuminating surfaces in flooring and on stairs is the current number one topic, as they have experienced much response to their new product FloorLite. Yachtlite is particularly proud of recent illumination presentations to Overmarine for 'Rush', the much talked about 'Big Fish' from Aquos Yachts, by which the German company established activities as far from home as New Zealand.
